Setting up Automatic Payments from your Cabrillo Account

Setting up automatic payments directly from your Cabrillo CU checking or savings account is a great way to make payments (such as gym memberships and insurance payments) without having to use your debit card.
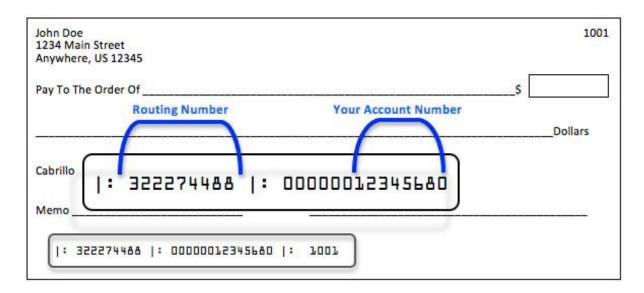

To set up automatic payments, you will need the following information:

Cabrillo Credit Union Routing Number: 322274488

For Checking Accounts:

Provide the account number at the bottom of your Cabrillo checks. (See example below)

For example, if your Member Number is 123456, and your Share ID (Suffix) is 80, you would use: 12345680.

For Savings Accounts:

Provide both parts of your account number, with no dashes or spaces.

Account Number	Plus	Share ID (Suffix)	
123456	+	00 =	12345600

If you need assistance, please contact our Member Support Department at: **800.222.7455**
